

WELCOME TO TEENTECH!

The orientation explains the program and the value of this opportunity to invest in your future. At the orientation, we will tell you about how Computer Mentors Group, Inc. was founded and the services you may be eligible for (including your own home computer).

We will also explain our point structure where you earn points for the work you complete that can be used towards technology toys and tools. We have students earning awards like gaming consoles, laptops, tablets, phones, and more!

You will leave this program with Microsoft Certifications, which can be used to boost an employment application, and provide you with basic skills needed on many jobs. You will also leave with the tech skills you need to compete in the creative economy of Software Development. You will build an online portfolio to show your work to potential internships and employers.
